Tech is an engineering college

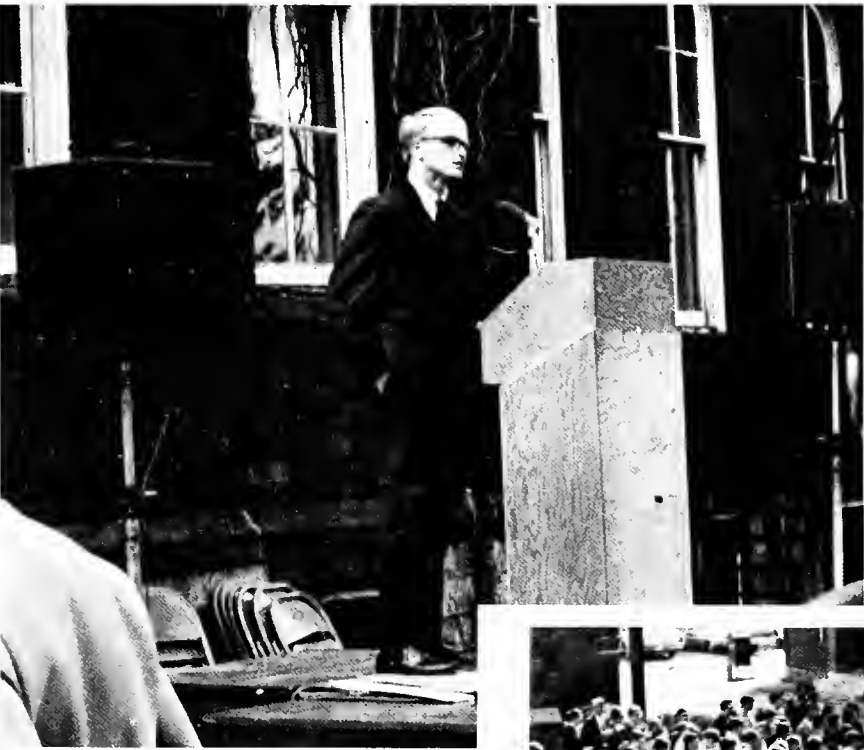

Tech
is
a
mind-expanding
experience

Tech is traditions . . .

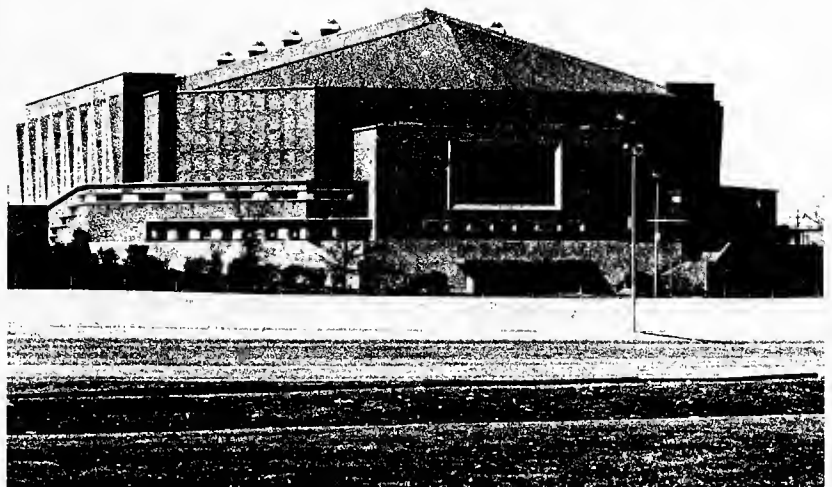

... and a scientific sense of beauty.

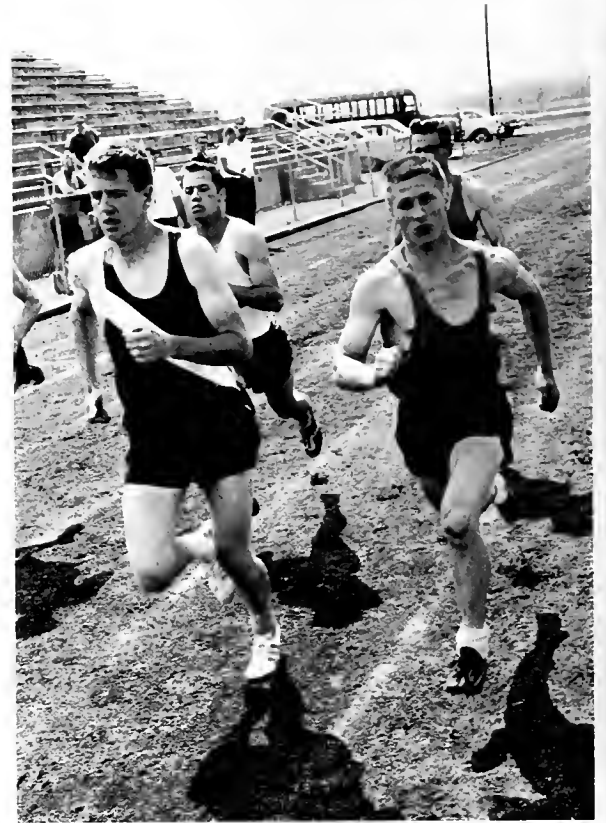

We have
Fort Wayne
to enhance
the
individual

. . . and sports
to relieve his
tensions . . .

Our four years here . . .

. . . Seem so short . . .

. . . Yet so long . . .

but all who are
here are so much
the better for
having come.

GRADUATES

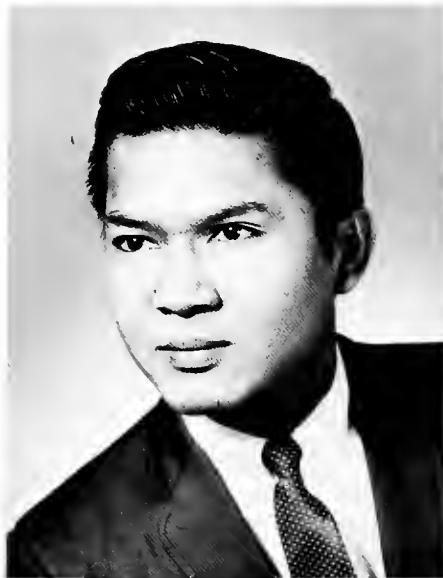

Balent, Arthur D., BSEE, Electronic Option, Math Option; Munhall, Pennsylvania; Theta Mu Pi, Rush Director.

Bierlein, Carl A., BSME; Columbus, Indiana.

Fall Graduates

Boon-Long, Saravudh, BSCE; Bangkok, Thailand; President's List (1); Dean's List (1).

Bush, William J., BSME, Math Option; Ashtabula, Ohio; President's List (6); Dean's List (4); Mechanical Engineering Club, Secretary, Treasurer; SAE—President; IVC—President; Pep Band; Student Senate; Tech Manor Club—Treasurer; Iota Tau Kappa, Zoltani Award in Mech. Eng.

Champlin, Ronald J., BSCE; Ashtabula, Ohio; American Society of Civil Engineers—Recording Secretary; Weight Lifting Club.

Cooper, Francis B., BSEE; Monrovia, Liberia; Institute of Electrical and Electronic Engineers.

Hipple, James H., BSME, Math Option; Union City, Ohio; President's List (3); Dean's List (6).

Howard, Gerald D., BSCE; New Berlin, New York; ASCE; President's List (1), Dean's List (4); ASCE—Technical Paper Award; Sigma Pi.

Ide, Harvey R., BSME, Math Option; Charlton, Massachusetts; Dean's List (1); Bowling.

Jacquay, Carl E., BSME; Monroeville, Indiana; Mechanical Engineering Club; SAE; Phi Kappa Theta—Secretary; Varsity Basketball; Intramurals.

Jones, John E., BSME; Anchorage, Alaska; M.E. Club; SAE; Dean's List (3); Vice President of Sophomore Class; KEKIONGAN, Ass't Editor; Sigma Phi Delta—President, Secretary; Varsity Baseball; Intramurals.

Keita, Balla, BSCE, Math Option; Kouroussa, Rep. of Guinea.

Liechty, Kenneth E., BSEE, Electronic Option; Grabill, Indiana; Dean's List (8); President of Glee Club; Band.

Ludberg, James A., BSME, Metallurgy Option; Stoney Creek, Ont., Canada; M.E. Club; SAE—Secretary; Dean's List (5); Senior Class Senator; Vice-President of Student Senate; Chairman of Traditions Committee.

Pico Rivas, Guillermo, BSEE, Math Option; La Habana, Cuba; Institute of Electrical and Electronic Engineers.

Prozny, Stanley J., BSAeE; American Institute of Aeronautics and Astronautics; Sigma Phi Epsilon; Intramurals.

Satkamp, Gary A., BSME; Union City, Indiana; President's List (1); Dean's List (3); Society of Automotive Engineers.

Shelley, Danny R., BSME, Math Option; Eaton, Ohio.

Stanton, Robert L., BSEE; Athens, Tennessee.

Wasielewski, Theodore A., BSPh, Math Option; South Bend, Indiana; President's List (5); Dean's List (1); Physics Club—President and Sec'y-Tr.; Varsity Soccer.

Woodward, Robert N., BSEE; Sinsburg, Connecticut; Dean's List (2); Dorm Governor; Track; Cross Country.

Fall Graduates Not Shown

Bronnenberg, Gale H., BSME; Selma, Indiana; Intramurals.

Cly Jr., Arnold E., BSME; Bedford, Indiana.

Dreher, Dale A., BSME; Springfield, New Jersey; Dean's List (1); Tau Kappa Epsilon; Weight Lifting Club.

Hofmann, John F., BSME; Union, New Jersey; Mechanical Engineering Club.

Knepper Sr., Delbert M., BSEE; Fort Wayne, Indiana.

Mueller, W. David, BSPh; Fort Wayne, Indiana; Dean's List (4).

Plichta, William J., BSChE; Fort Wayne, Indiana; Chemical Engineering Society; Alpha Omega Tau; Basketball.

Seitler, Richard P., BSME; Coldwater, Michigan; President's List; Dean's List.

Shrira, Aharon, BSME, Math Option; Netanya, Israel; Alpha Epsilon Pi.

Utrias, Charles J., BSEE, Math Option; Fort Wayne, Indiana.

Van Houten, Judson D., BSEE; Pittsburgh, Pennsylvania; Iota Tau Kappa; President's List (1); Dean's List (1); Who's Who Among Students In American Universities & Colleges; IEEE.

Vargo, Jess R., BSEE, Electronics Option, Math Option; South Bend, Indiana.

Weber, Jr., Harold F., BSCh; Chicago, Illinois; President's List (1); American Chemical Society.

Zimmerman, Alan L., BSEE, Electronics Option; Fort Wayne, Indiana; IEEE.

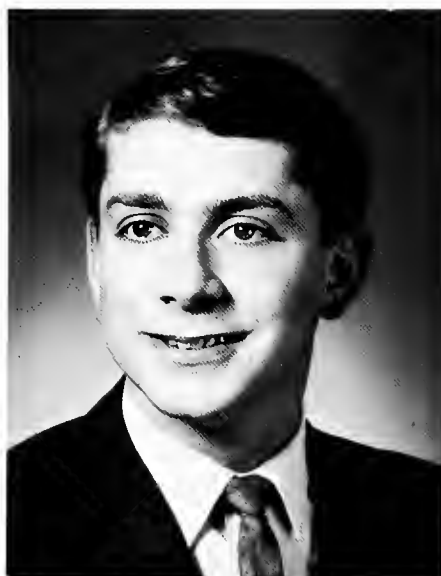

Bennett, Steven P., BSME; New Haven, Indiana; Phi Kappa Theta; Society of Automotive Engineers; Flying Club.

Bracho, Francisco J., BSME; Barquisimeto, Venezuela; Mechanical Club; Dean's List; Pres. and Sec. of Association of Latin American Students.

Winter Graduates

Castellucci, Anthony A., BSEE; Oriskany Falls, New York; Sigma Pi Fraternity; Counselor; Pep Band, Pres.; American Red Cross Drive, Chairman; Dean's List.

Demato, Richard G., BSME, Rochester, New York.

Dimarco, Anthony, BSME; Waterloo, New York; Tau Kappa Epsilon, Social Chairman; Inter-Fraternity Council; Intramural Sports.

Durst, Richard, BSMATH; Erie, Pennsylvania; Theta Xi, Corresponding Sec.; Dean's List.

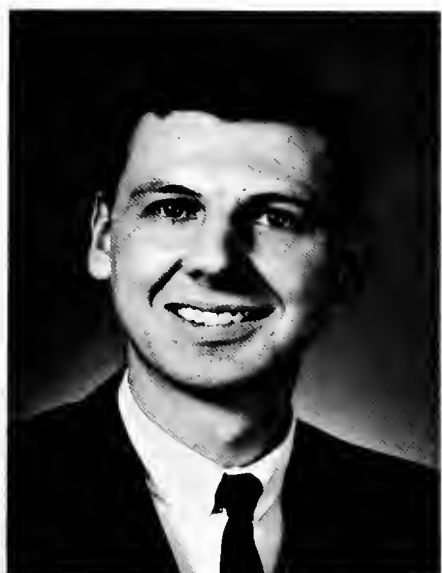

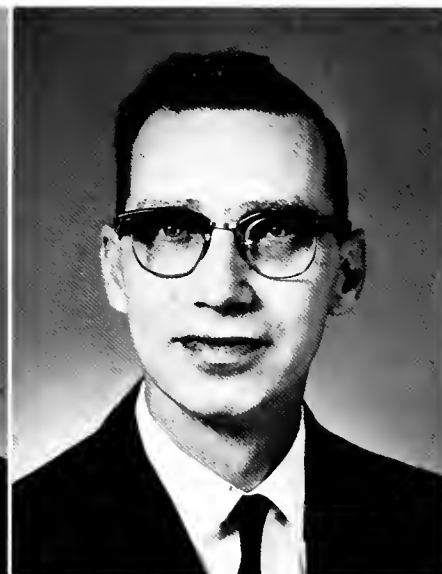

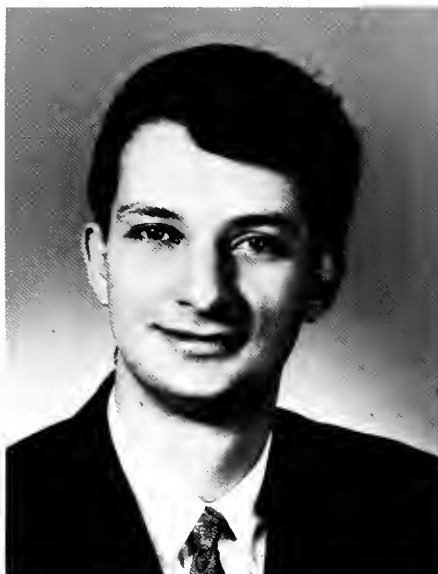

Dwenger, Thomas A., BSME; St. Mary's, Ohio; Mechanical Engineering Club; Society of Automotive Engineers; Nucleus Staff, Reporter, News Editor, Assistant Editor.

Fowler, John T., BSAE; Augusta, Maine; American Institute of Astronautics and Aeronautics, President; Society of Automotive Engineers; Dean's List; A.I.A.A. Outstanding Achievement Award.

Gotthilf, Harry, BSEE; Barranquilla, Colombia; Dean's List; Soccer; I.E.E.E.

Holter, Bruce A., BSEE; Beech Creek, Pennsylvania.

Jurek, William B., BSME; East Amherst, New York; Society of Automotive Engineers; Sigma Phi Delta, Pledgemaster and House Manager; InterFraternity Sports; Intramural Sports.

Kilmurry, John M., BSEE; Fort Wayne, Indiana; Dean's List; President's List; I.E.E.E., Pres.; G.D.I., Pres.; Varsity Golf; Varsity Tennis; Intramural Football.

Kramer, Albert A., BSCE; Indianapolis, Indiana; Alpha Omega Tau, Pres. and Vice-Pres.; A.S.C.E. Student Chapter.

Lohmann, William R., BSCE; Trucksville, Pennsylvania; Dean's List; A.S.C.E.; A.W.A.; Alpha Omega Tau, Treas.

Lucht, Rodney N., BSME; Chicago, Illinois; American Society of Mechanical Engineers.

Mandel, Joseph, BSEE; Dean's List, Institute of Electrical and Electronic Engineers.

Meredith, John F., BSEE; Monroeville, Indiana; Dean's List (10); President's List (1).

Ostrander, Paul G., BSEE; Ottawa Lake, Mich.; President's List; Iota Tau Kappa; Who's Who in American Colleges and Universities; Alpha Omega Tau, Secretary.

Palmer, Robert F., Trucksville, Penna.;
Dean's List; Dormitory Counselor.

Woods, Edward, BSCE; Sigma Phi, Rush
Chairman, Assistant Pledge Master, from
Woodlyn, Penna.

Winter Graduates Not Shown

Arend, Basel J., BSME; Wauseon, Ohio.

Ashtari, Nostratollah, BSCE; Pishva, Tehran, Iran.

Boyd, James L., BSAE; Lewiston, New York.

Doyle, Richard E., BSME; Rochester, New York.

Knight, David A., BSEE; Vandilla, New York.

Lear, David M., BSEE; Kokomo, Indiana.

Ordway, Phillip, BSME; Whitesville, New York.

Renselle, Paul D., BS Math; Fort Wayne, Indiana.

Sata, Bhalchandra, BSME; Bombay, India.

Stensland, David, BSME; Pt Pleasant, New Jersey.

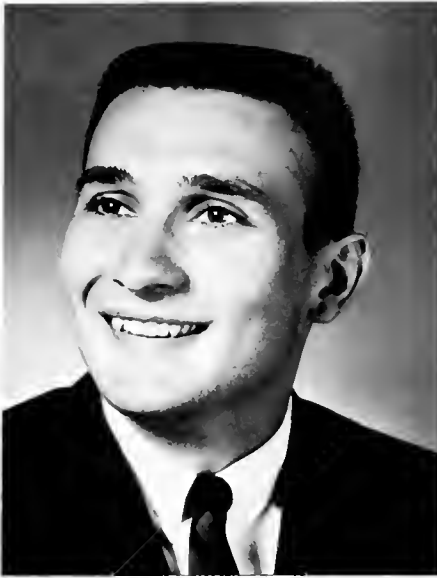

Taylor, Kennard L. Jr., BSChE; Hastings, New York.

Taso, Victor, BSEE; Elmhurst, New Jersey.

Williamson, Darrel, BSME; Portland, Indiana.

Wormeck, John J., BSAE; Shavertown, Penna.

Zehner, Donald, M. Jr., BS Math; Ashland, Ohio.

Barnhart, James E., BSCE; Tiffin, Ohio; A.S.C.E.; Sigma Phi Epsilon; Glee Club; Intramural Sports.

Blakeslee, David J., Blakeslee, Pennsylvania; A.I.C.H.E., Treas.; President's List; Dean's List; Dorm Athletic Director; Intramural Sports; Chemical Eng. Society.

Spring Graduates

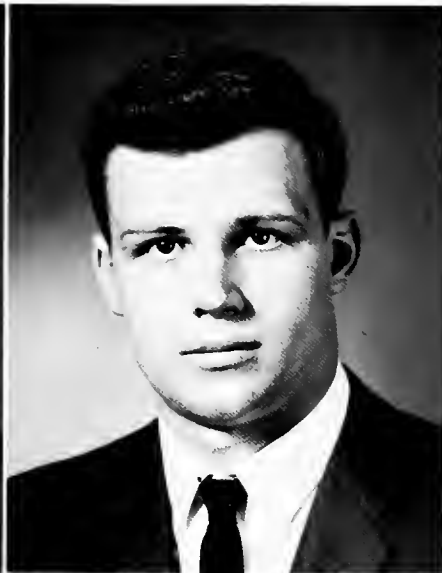

Bone, David A., BSEE; Pittsburgh, Pennsylvania; I.E.E.E., Treas.; Iota Tau Kappa; President's List.

Broshar, Raymond E., BSCE; Fort Wayne, Indiana; Alpha Omega Tau; Dean's List; A.S.C.E., Corr. Sec.

Bruns, Fred, BSME; Floral Park, New York; Dean's List; Senior Class Pres.; Theta Xi, Treas. and Pledgemaster; Tech Manor Club; Intramurals.

Bush, Gary E., BSEE; Fulton, New York; Dean's List; President's List; I.E.E.E.; Sigma Pi, Treas., Pledgemaster; Interfraternity Council; Intramurals.

Byron, David L., BSME; North Syracuse, New York; S.A.E.; A.E.T.M.E.; Sigma Phi Delta, Pres. and Vice-Pres.; Dean's List.

Edward A. Dugan, President

President

Presumably, those of you who have been graduated from Indiana Tech this past year are now ready to apply your knowledge to the solution of problems within your chosen discipline. There is very little else your college can do for you in this respect.

The various traumas to which our Country is subjected with unfortunate regularity lead me to request something from you, other than the routine loyalty to your alma mater.

If indeed, your education has equipped you to assume some role in the arena of intellectual leadership, then I feel you have an obligation to carry it beyond the scope of your profession. There are groups of people, there are organizations, and there are individuals today who need your help. Because of your education you have this help to give but you must first be concerned, and being concerned, you must then become involved. Shy away from this involvement, as many of our citizens do, and you may find yourself very successful as a professional engineer or scientist but not as a human being.

It is possible for our times to change for the better—I believe they must. This change will occur much more quickly if those of us fortunate enough to have received a college education become involved. Progress, whether it be social or scientific, has never been a spectator sport and I urge you, for Indiana Tech, to leave the grandstand and get on to the field.

Aerospace Engineering

Professor Benjamin Dow, head of the Aerospace Department

Today's aerodynamics courses are quite different from those of a few years ago since supersonic flow causes significant heating and thermodynamics has to be carefully taken into account. Earthbound navigation courses have been supplanted by special navigation. Structural analysis courses have shifted the emphasis from triangulated determinant frames to the indeterminate, stressed-skin structures. Mathematics continues to be an important tool in this field. This department continues as one using the most advanced scientific information to help develop and produce modern means of transportation through space beyond.

Professor Joseph Cranmer

The department of Chemical Engineering aims to develop the student into a well rounded, competent, and socially adjusted graduate. The development of the ability to think is paramount. The project method of instruction is used in the laboratory which is equipped with standard pilot plant apparatus such as stills, evaporators, filter presses, and mass and energy transfer units. The curriculum covers basic sciences applied science and general subjects, which give a broad foundation enabling the student to be employed in design, operations, sales, teaching, and research.

Dr. Warren Hoffman, head of the Chemistry Department

Chemistry

Chemistry is the science of change, and serves as one of the main foundations for all Science and Engineering. It is one of the essential backgrounds for every educated man in the Technological Age.

The Department of Chemistry not only serves to provide instruction in basic Chemistry for all Science and Engineering disciplines, but offers advanced courses in Chemistry for those interested in Research in industry or in further study in Graduate Schools.

Eugene Russel

Civil Engineering is the oldest of all the engineering fields. It has always been concerned with projects of both public and private nature that effect the social and economic life of the people.

Originally, Civil Engineering was concerned with the construction of bridges, and road building which are still major areas in the civil field. In the last half-century, additional areas have been added to the field of civil engineering, such as water supply, waste disposal, city planning, and traffic engineering. These are of importance for the public's health and welfare.

Delbert Knepper, student instructor

Dr. Eugene Klingler, Head of the Electrical Engineering Department

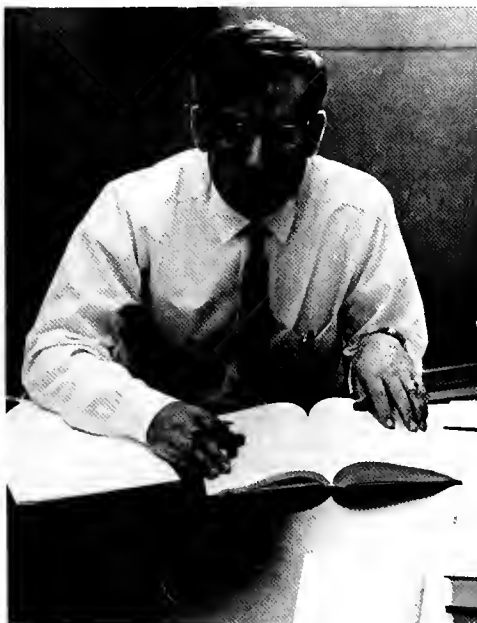

Electrical Engineering

Electrical Engineering encompasses many and varied fields. The graduate electrical engineer may find himself working in the fields of radar, guided missiles and satellites, atomic energy, electronic computers, radio communications, television, control systems, power generation and distribution, and other numerous specialized phases of Electrical Engineering

Dwight Case

The engineer must have a thorough knowledge of Engineering Graphics if he is not to be considered an engineering "illiterate." This is the language by which the engineer communicates with others of his profession, draftsmen and technicians for whose work he is responsible. Industry has indicated that it considers this one of the most important subjects of which a newly employed graduate engineer must have knowledge. Engineering Graphics assists in the development of creative ability by training in space visualization. It develops the powers of analysis and synthesis. It provides a superior means of developing and recording ideas for posterity.

English

The primary purpose of the English Department in an Engineering College is to teach the engineering student to express himself effectively in both speech and writing. The English Department offers courses in composition, literature, and speech so that the student may become a well rounded person able to meet the challenges in life.

The Mechanical Engineer is responsible for the designing and building of machines to produce power and the machines to utilize that power. Every manufactured article, no matter what its nature, requires the services of Mechanical Engineers both in the design of the machines by which it is manufactured and in the operation of the factory itself.

Creative thinking is nurtured and encouraged in the Mechanical engineering laboratories.

In our complex society, scientific progress depends on the mathematician, the engineer and many other scientists whose primary tool is mathematics. The department of Mathematics offers a well rounded course for the young mathematician, as well as the essential mathematics for the engineering, physics, and chemistry students.

Physics

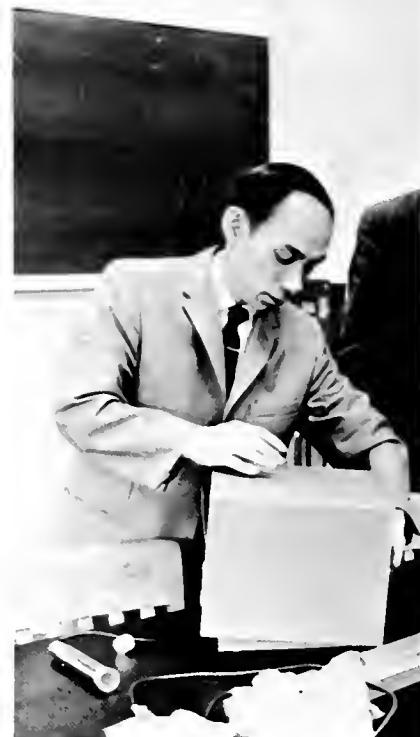

Dr. Raymond Smith

If, as has been said, "this is the atomic age," then this is the age of physics. Nuclear weapons and machines are products of the physics laboratory. Each new day finds the physicist of our nation expanding the horizons of man's knowledge. Therefore, Indiana Institute of Technology meets the need for training in physics by offering basic and advanced courses designed to prepare a student either for direct participation in industry, or for a scientific career of the more traditional type.

Indiana's Members of the American Chemical Society

American Chemical Society

The ACS student's affiliate of Tech is a Chapter of the American Chemical Society, the world's largest organization devoted to a single science. The purpose of this club is to create and stimulate interest in engineering and to help them academically and socially to become better qualified candidates for future positions.

OFFICERS: L-R: Harvey Bransfield, Arthur Taylor, Dr. Laszlo Szegedy advisor; Craig Leighty, Raymond Hurtz.

Row 1: Steve Perlman, Garry Laaker. Row 2: David Blakeslee, Treas.; Mike Monroe, Pres.; Craig D. Brown, Vice-Pres.

Chemical Engineers Society

The Chemical Engineering Society is open to any students in the department. Its purpose is to help develop the student in his profession by disseminating knowledge relating to the practice and theory of chemical engineering for him.

Row 1: Jim Barnhart, William Rose, Larry Riley, Dean Scott, Lynn Kyler, Gregory Shekas, John Laughner, Rick Karcz. Row 2: Bob Jackson, Leon H. Geic, Gerald Howard, Ron Brillhart, Ron Champlin, Glenn Cooley, Alan Wright, Paul Gowling, Garry Rickard. Row 3: Robert Ruhl, Advisor; Joseph M. Galbreath, Charles Comins, Cliff Deringer, Martin Hanagan, Steven Petty, Mike Foster, John Youngman, Don Drake.

American Society of Civil Engineers

The Association of Civil Engineers of Indiana Institute of Technology is an organization of students and faculty in the civil engineering department.

The purpose of the organization is to attempt to communicate to the student some of the difficulties he will experience in his chosen field. This is accomplished by inviting as his guest speakers men from different branches of the civil engineering field.

Ron Brillhart, V. Pres.; Charles Comins, Pres.; Joseph M. Galbreath, Treas.; Larry Riley, Sec.; William Rose, Cor. Sec.

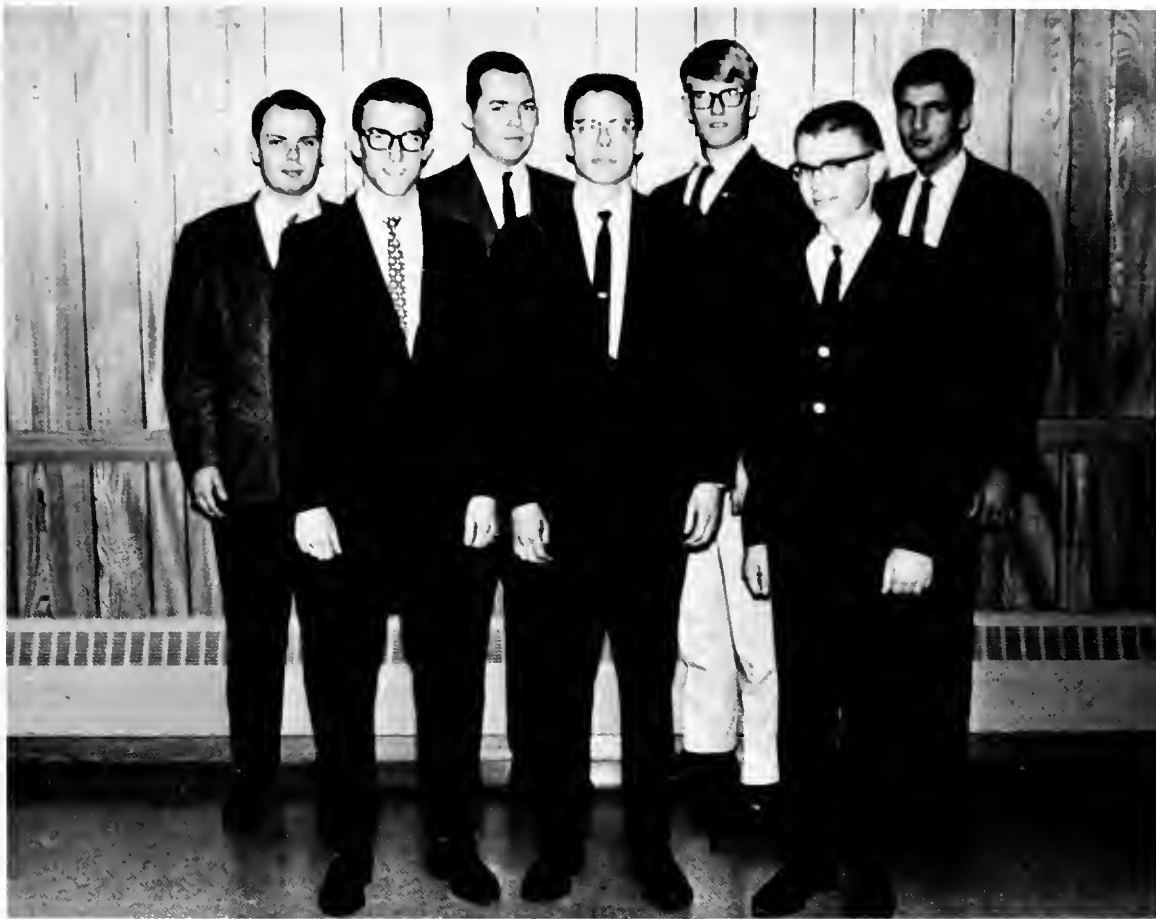

Row 1: Advisor, B. L. Dow, S. E. Cart, Bud Woods, Jeffrey Farnsworth, Ross Hazel.
Row 2: Colin Unsworth, John Kidd, Robert Becker, Brian Trhlin, Andy Kimbal, Thomas Page.

Flying Club

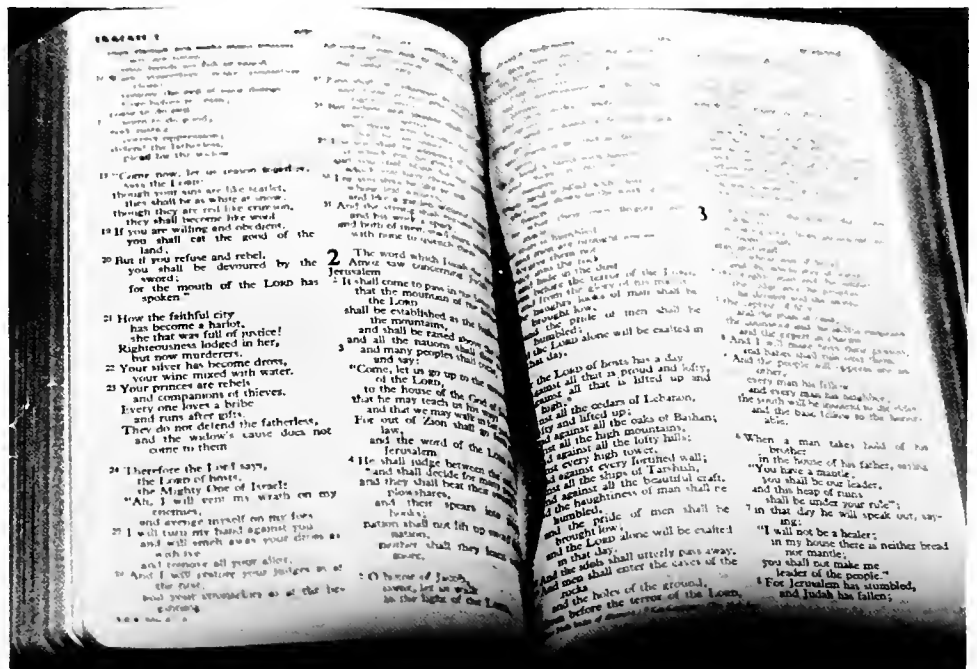

The Indiana Tech Flying Club was formed to give members an opportunity to fly, to obtain their licenses and to learn to fly at a minimum cost. Day and night, local and cross-country flights are made at slight expense to the members. Membership is open to all students and faculty of Indiana Institute of Technology. The new "Cessna 150" is kept at Smith Field just north of Fort Wayne.

Row 1: Joel Bair, Arthur Munger, Sec.-Treas.; Ray Hertz.
Row 2: Lee W. Walter, William Bush, Bob Dexter, President, John Seely.

Inter-Varsity Christian Fellowship

L-R: E. Nicholas, R. Silverman, P. Lefty, R. Sestile, J. Parsons, E. Guitard, J. Meakins.

OFFICERS

The Indiana Tech Sports Car Club's main objective is to help its members to more fully enjoy their sports cars and to improve the driving skill of the student body. The Club provides for its members a 3 bay garage to do the necessary repairs and adjustments on their cars. The Club also sets up rallies as a part of its planned events and social functions. The club's membership is open to any member of the Tech student body, faculty, or alumni.

Mechanical Engineering Club

The Mechanical Engineering Club is a local affiliate of the Ft. Wayne section of the American Society of Mechanical Engineers.

The objectives of the club are to advance, promote, and teach new phases of mechanical engineering. This is accomplished by programs which include talks by experienced engineers, and field trips to industries in the Tri-State area. Membership is restricted to students enrolled in the Mechanical Engineering Department.

Nucleus

We of the staff like to feel that we have maintained the rich tradition of the Nucleus by presenting to the student body all responsible information of concern. Our main intent as the official publication of the campus is to stimulate the minds of our fellow students by presenting noteworthy news. We believe in Indiana Tech and her students, and principles; and we consistently support all organizations and programs that contribute to the growth of the college and the students. Whenever controversy arises, we intend to present both sides lest we fall prey to irresponsible reporting.

Indiana Tech Student Wives Association

Organized in July of 1957, the purpose of the Indiana Tech Student's Wives Club has been to further social activities, acquaintances, and friendship among the wives of students of IIT. Wives of all married students of IIT are eligible for membership.

The club arranges programs of varied types for the members. These range from an address on the social problems of our time by a local authority to bingo or a humorous skit by the members.

It is also the purpose of Indiana Tech Students Wives Club to contribute to and work for the good of the College whenever possible.

At banquets held twice annually wives of graduating students are presented with their P.H.T. (putting hubby through) degrees.

Kappa Alpha Psi

Kappa Alpha Psi, a college fraternity now composed of more than 200 undergraduate and alumni chapters on major campuses and in cities throughout the country, boasts a membership of over 20,000. It was founded in the school year of 1910-11 on the campus of Indiana University at Bloomington, Indiana. Its constitution is the law of an organization predicated upon and dedicated to, the principles of achievement through a democratic fraternity.

Preparation for the coat of arms was completed during the summer of 1911 by three of the founders who solicited the aid of a professor of Greek art at the Indiana University, together with that of a professor of Concordia University. The second chapter of Kappa Alpha Psi was chartered in 1913.

Hey! Did you see the teeth she has.

Each year the students of Indiana Tech do their part in helping the Red Cross obtain precious blood needed in so many operations and emergency cases across the country.

The Bleed-ins are held twice a year, in Fall and Spring. During the 1967-68 school year the Spring Bleed-in proved slightly more bloody than the Fall's. However the students know the Red Cross appreciated both.
